the posts of primary school teachers for which a pass in the S.L.S. or E.T.S Ex is the minimum qualification. Again they cannot be appointed from the approved lists of candidates for the posts of middle school II class teachers, though the minimum qualification for those posts is also a pass in the S.S.L.C. Exn, because the teacher posts of teachers of special English classes of upper primary schools are under the control of the D.E.O; while the posts of middle school II class teachers are under the control of the Departmental officers i.e D.E.Os of districts. Therefore these posts are treated as falling under the explanation to rule 15 and are disposed of by advertisement after registration and classification. The candidates who take up these appointments after selection have to continue in what is practically a "blind alley". They cannot be taken on to the regular cadre of middle school teachers in the Dept. where there are chances of promotion, as they are under the D.E.Os. of primary school Teachers because seniority and the existence of only a few appointments to higher pay of Rs 20/- and above are in their way.

(9) The D.E.O. Jumkur suggests that their posts may be permitted to be filled up from among the candidates in the present C/B list of candidates for the posts of ~~Elder~~ Middle School II class Teachers of the concerned district units, the candidates so appointed being, in due course, absorbed in permanent vacancies in middle schools when their turns come. He adds that that arrangement would enable the special English class being started immediately after sanction, and also prevent a class of employees ~~with no prospects~~ from stagnating on a fixed pay of Rs 20/-. The D.P.I who was consulted in the matter is of opinion that the proposal suggested is quite desirable and acceptable.

(10) The proposal may generally be accepted. As it is proposed to absorb such candidates eventually in middle schools, and the D.E.O and S.B.O. are one and the same officer, such vacancies may be classified in the Vacancy Register maintained for the posts of II class Middle School Teachers and filled up by

by appointing a candidate according to his (if candidate is a non-matriculate) turn in the approved list. This would mean that such a candidate would be a probationer in the cadre of middle school teachers doing duty in an upper primary school and duly absorbed as a middle school teacher in course of time as per rules. The question of his pension under the Edu Dept does not arise till he begins to earn increments. This would not only remove to some extent the difference in emoluments available to the different candidates though with the same general educational qualifications but enable the classes being started without any delay and prevent stagnation of officials on a fixed pay for an indefinite period.

Sir,

I have the honour to bring ~~x~~ to your kind notice the following points in regard to ~~xkm~~ teachers in charge of Special English classes. Several of these classes are being started from year to year and the places are being filled up after advertisement. The candidates who take up these appointments after selection have to continue in what is practically a "blind alley".

The work in these classes differs but little from the English work in Middle Schools, and the men appointed to them do not possess any special technical qualifications in consideratinn of which alone they are appointed.

I feel, therefore, that these places may be permitted to be filled up from among candidates ~~xm~~ in the present C.R.B. list, the candidates so appointed being, in due course, absorbed in permanent vacancies in Middle Schools when their ~~xmrsxcmmesc~~ turns come. This would enable these classes being started immediately after sanction, as also prevent a class of employees with only general qualificatdons stagnating in a blind alley occupation.

To

The Secretary,
Central Recruitment Board,
Bangalore.

Sir,

With reference to your letter No.6017/C.R.B., dated 4-5-39, regarding certain details about the special English classes, I have the honour to state that these classes are attached to Upper Primary Schools, which are under the control of the Local Education Authority. The salaries of the Primary class (I, II, III, IV, V and VI) teachers are paid out of the Local Education Authority funds; whereas, that of the special English teacher is paid out of the Departmental funds and drawn in a separate bill.

The salary of these special English teachers is Rs.20/- fixed. The pupils are coached for the Middle School Examination. So, for all practical purposes, these are Middle School classes. The minimum qualification of the teacher is S.S.L.C.

At present these appointments are filled up by special advertisement since there is no approved list for the purpose. The candidates from the C.R.B. list of candidates for appointments in Middle Schools cannot be appointed to these posts as the special English classes are not included in the category of Middle Schools. Obviously, no candidate from the list intended for Primary Schools can be appointed.

It can be seen, therefore, that the candidates appointed to these places get into a regular blind alley, and have to

P.T.O.

stagnate there for ever. They can be absorbed neither in Middle Schools nor in ~~the~~ Primary Schools.

The easiest way to remove this difficulty would be to accord permission to appoint candidates to these classes from the regular Middle School list in each District Educational Officer's unit in the order fixed therein. The candidates will then have a chance of being absorbed in vacancies in Middle Schools according to their turn, and fresh candidates chosen from the lists to be in charge of the special English classes.

I have the honour to be,

Your most obedient servant,
